

KS3 NUMERACY CURRICULUM

CURRICULUM INTENT

At North West Surrey Short Stay School, we are committed to providing KS3 students with the essential skills and knowledge to apply Numeracy in their everyday lives. Our intention is for all students to develop confidence in Numeracy and cultivate a positive attitude towards learning, empowering students to develop the skills and understanding needed to achieve qualifications and confidently apply their mathematical knowledge in the future.

INTEGRITY
In Numeracy we show integrity by taking pride in our work and completing all steps

RESPECT
In Numeracy we show respect to the subject because we appreciate how valuable it can be in allowing us to function in society when leaving school

RESILIENCE
In Numeracy we understand that we have to repeat and practice skills to embed knowledge. This resilience will help to secure qualifications in Maths
